Message from

# Ameer-e-Ahle Sunnat

Shaykh-e-Tareeqat and the Founder of Dawat-e-Islami,

Allama Maulana Abu Bilal

# MUHAMMAD ILYAS

Attar Qadri Razavi

دامت برکاتہم العالیہ

“ Students are the most valuable asset for a country and the future leaders of the nation. If they are trained in accordance with the Shari’ah and Sunnah, divine fear and devotion to the Holy Prophet ﷺ will prevail everywhere in society. ”

## Introduction to Dar-ul-Madinah

Education provides a framework where an individual or a society is enabled to realise a particular way of living and sustain it. This lifestyle ultimately includes moral, social, economic and other values that a person employs in different phases of life. A well-structured schooling programme, with well-designed course plans and other study material, helps to provide meaningful education for the development of society. Academic institutions, therefore, are required to play a pivotal role by producing individuals through meaningful education flavoured with positive values.

Dar-ul-Madinah International Islamic School System has set an objective of improving conventional academic studies in conformity with Shari'ah. It is one of over 100 departments functioning under Dawat-e-Islami, a global and non-political movement for preaching the Holy Quran and Sunnah. This education system is to help students learn and thrive to the best of their abilities within the boundaries of Islam. It also aims to develop an environment where Islamic values shall be honoured in all management, curriculum and teaching practices.

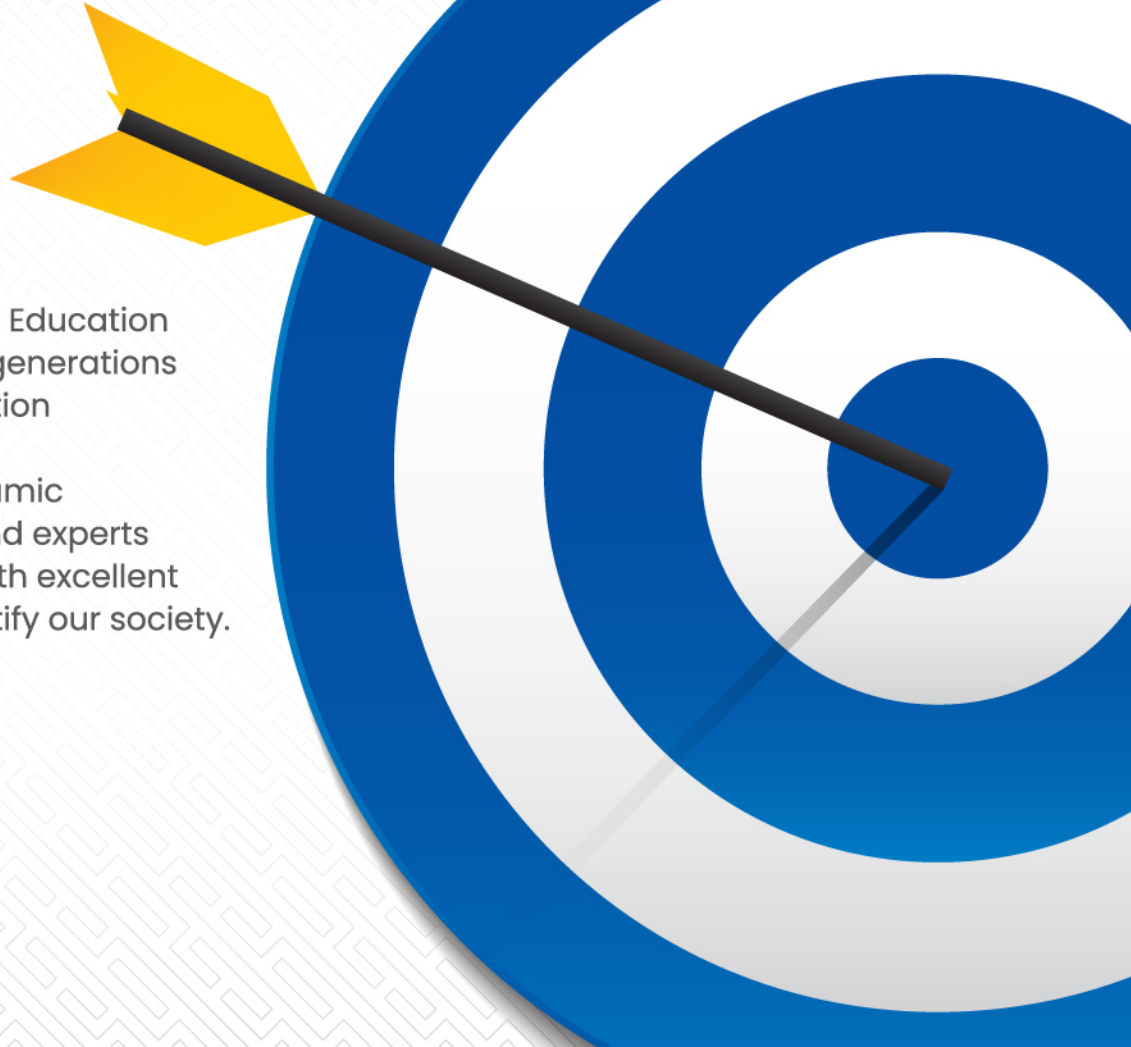

## Why Choose Dar-ul-Madinah?

What is the fundamental aim of schooling and education? It obviously is to shape the students into competent, skilled, disciplined and intellectual individuals determined to make significant contributions to society. By offering a perfect blend of contemporary and Islamic education, Dar-ul-Madinah International Islamic School System stands as a completely distinctive chain of schools. Effective teaching, character building, critical thinking and Islamic Tarbiyah are some of the prominent features of Dar-ul-Madinah. The students at Dar-ul-Madinah go through a carefully designed learning process which ultimately leads them to rise as exemplary individuals of society.

# Mission Statement

Dar-ul-Madinah International Islamic Education System aims at providing our future generations with basic Islamic and quality education within Shari'ah, social and cultural boundaries to produce practising Islamic preachers, professionals, scholars, and experts in Islamic jurisprudence, equipped with excellent attributes required to reform and rectify our society.

# Aims & Objectives

- To inculcate the spirit of seeking the pleasure of Allah عزوجل, love for the Beloved Prophet صلى الله تعالى عليه واله وسلم and his Sunnah.
- To establish model Islamic educational schools where essential Islamic knowledge shall be imparted with the reformed conventional stream of academics.
- To provide students with a meaningful education in a caring, safe and well-ordered Islamic environment.
- To develop the academic skills and Islamic values in students through quality education approved by learned religious scholars, experts and educationalists.
- To promote creativity, imagination, and expression in such a way as to encourage every student to explore their potential in a motivated, responsive and aspirational manner.

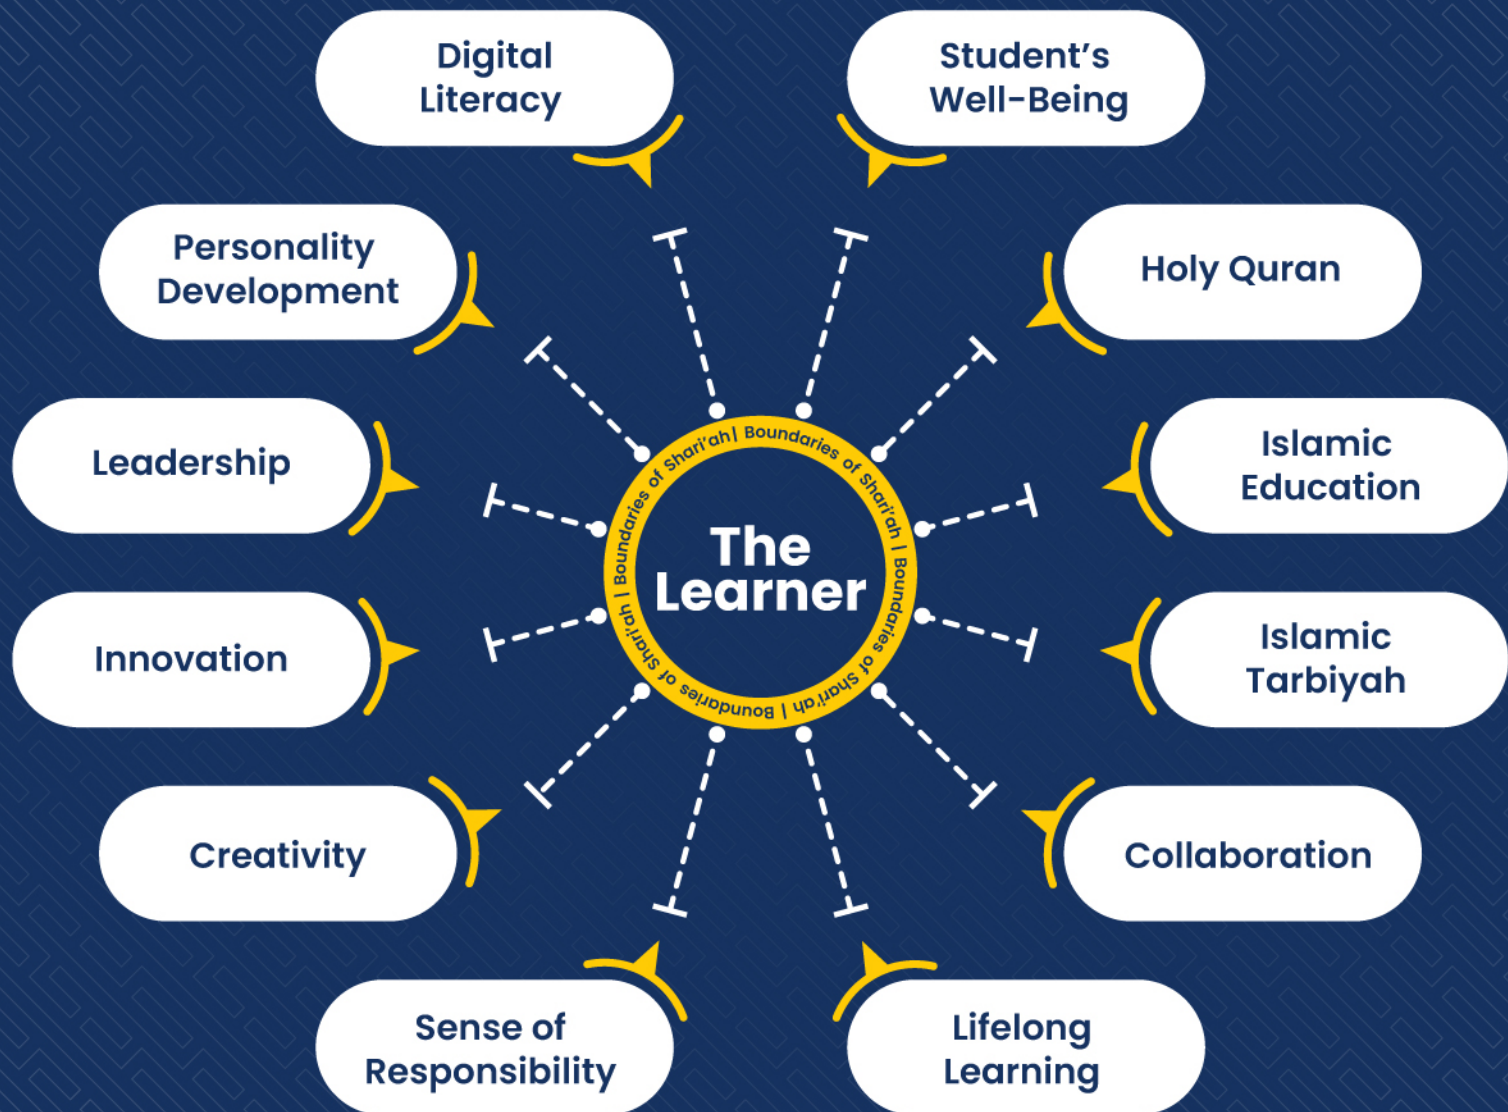

# Preparing Students for the Future

Our academic curriculum and teaching methodology have been designed with a view to garner moral values, self-discipline, commitment, integrity and other essential life skills. These values will help children face dynamic challenges of the 21<sup>st</sup> century and seize opportunities with wisdom in their professional lives.

Dar-ul-Madinah realises its responsibility for building the upcoming generations who could live their lives according to true Islamic teachings. This project aims to develop little souls into useful constructors of society. انشاء الله عزوجل

# Education in Islamic Environment

The school's mission is to provide a learning environment that encourages children to bring out the best in themselves and enables their all-round development through the joy of learning and enduring Islamic values.

# Deeniyyat Department

- Dar-ul-Madinah International Islamic School System has established a Deeniyyat Department particularly to implement true Islamic teaching and values among young souls of our next generation.
- Necessary education of Shari'ah rulings for students and teachers is an essential part of our Deeniyyat Curriculum.
- We focus on Islamic beliefs, ethics, culture, values, and teachings of the Holy Quran and Sunnah.
- Child-centred Nazra Education (Recitation of the Holy Quran with correct pronunciation) along with extensive activity-based Islamic learning is ensured to develop students according to the teachings of Islam.
- We believe that the holistic personality development of students in an Islamic way can eventually contribute to the reformation of our society.

- 1 Needs Analysis
- 2 Data Analysis
- 3 Product and Process Development
- 4 Training and Development
- 5 Quality Assurance

The Research and Development (R&D) Department has been established to enhance the quality of existing educational services and design new products. We believe that continuous struggle is required to meet the expectations of society. Rapid technological and societal changes demand careful and targeted planning of educational products and services to develop the personalities required to face the challenges of the upcoming era. R&D Department plays a vital role in providing required resource material, trainings, and quality assurance tools.

# Educational Programmes

(Pre-Primary, Primary & Secondary)

## Montessori Based Early Childhood Care and Education

Careful upbringing in the formative years of childhood plays a pivotal role in the sensory development of a child. The teacher in our Montessori based pre-primary classroom serves less as an instructor and more as a guide and facilitator. Dar-ul-Madinah pre-primary schooling is a unique and exclusive system having a Montessori environment integrated with Islamic education. On completion of our pre-service training programme, qualified and dedicated teachers are available for developing the physical and mental characteristics and capabilities of the students in a systematic way. Each class has a dedicated co-teacher for grooming the students' personalities.

# Primary

Primary education develops skills of basic literacy and numeracy in young children. It establishes the foundations of pure science, mathematics, geography, history, and other social sciences. Dar-ul-Madinah primary schooling aims to inculcate the true Islamic spirit keeping in view the required educational needs of growing students. Well-structured and integrated studies enable the students to mature their personalities. We focus on nurturing young pupils to meet with self-confidence, assurance, and the demands of life now and in the future.

# Secondary

Secondary education is crucial as it lays the foundation for higher studies and the profession one would pursue later. Therefore, it becomes mandatory for us to make secondary education engaging in a way that sparks an interest in our students to delve into the possibilities and potential of the future.

Our qualified and trained faculty facilitate students to explore and innovate in the classes. Similarly, our co-curricular and extra-curricular activities give life-long learning opportunities to each student.

# Co-Curricular Activities

Dar-ul-Madinah encourages its students to adopt a healthy lifestyle, and co-curricular activities are highly impactful for their all-rounded development and healthy lifestyle. We believe that students should continue to learn life skills and grow even outside of classroom. Therefore, co-curricular activities are mandatory part of our curriculum at all levels. Throughout the academic session, our learners participate in various indoor and outdoor activities that provide our students with great opportunities to grow physically and mentally. These activities include different sports, field trips, visits to historical and monumental places, elocution competitions, debates, creative writing, science exhibitions, art and craft activities and so on.

# Educational Trips

Visit to Pakistan Maritime Museum, Karachi

Visit to Green Hills Gloves Manufacturing Plant

Visit to Pakistan Maritime Museum, Karachi

Visit to Pakistan Air Force Museum Faisal, Karachi

19th Karachi International Book Fair, Karachi Expo Centre

# Practical Learning

## Science Lab

Keeping in tune with modern times, Dar-ul-Madinah ensures that practical knowledge is placed on an equal footing with theoretical knowledge for the all-round development of students. For this purpose, we have established science labs in our secondary campuses that provide in-depth knowledge to the children about various scientific concepts using critical thinking.

## Computer Lab

Recent technological developments have significantly changed the dimensions of communication and information management. Students must demonstrate knowledge and skills while using computer technology. Computer labs at Dar-ul-Madinah have been properly designed and are supervised by qualified instructors.

# Our Publications

Our publication house is legally registered under the name of Qadri Publications Pvt. Ltd. However, it is generally known as “Dar-ul-Madinah International University Press” (DMIUP), and is committed to providing quality learning solutions to the educational institutions around the world. We, at DMIUP, develop engaging series of textbooks and students' learning resources. Our Research and Development (R&D) Department ensures quality and compliance with the Standards and Students' Learning Outcomes (SLOs) of the Pakistan National Curriculum. Similarly, the integration of Islamic values is also ensured at all levels in our books for the development of the complete personality of our upcoming generations.

# Admission Policy & Procedure

Parents/guardians who want admission to Dar-ul-Madinah have to go through 3 phases as per the following procedure:

## Phase 1: Registration

Parents/guardians are requested to come along with the following documents at the time of registration:

- CNIC of father
- B-form/birth certificate of the child

### Online

- Parents can also register their child online through our website: [www.darulmadinah.net](http://www.darulmadinah.net)

## Phase 2: Test/Interview

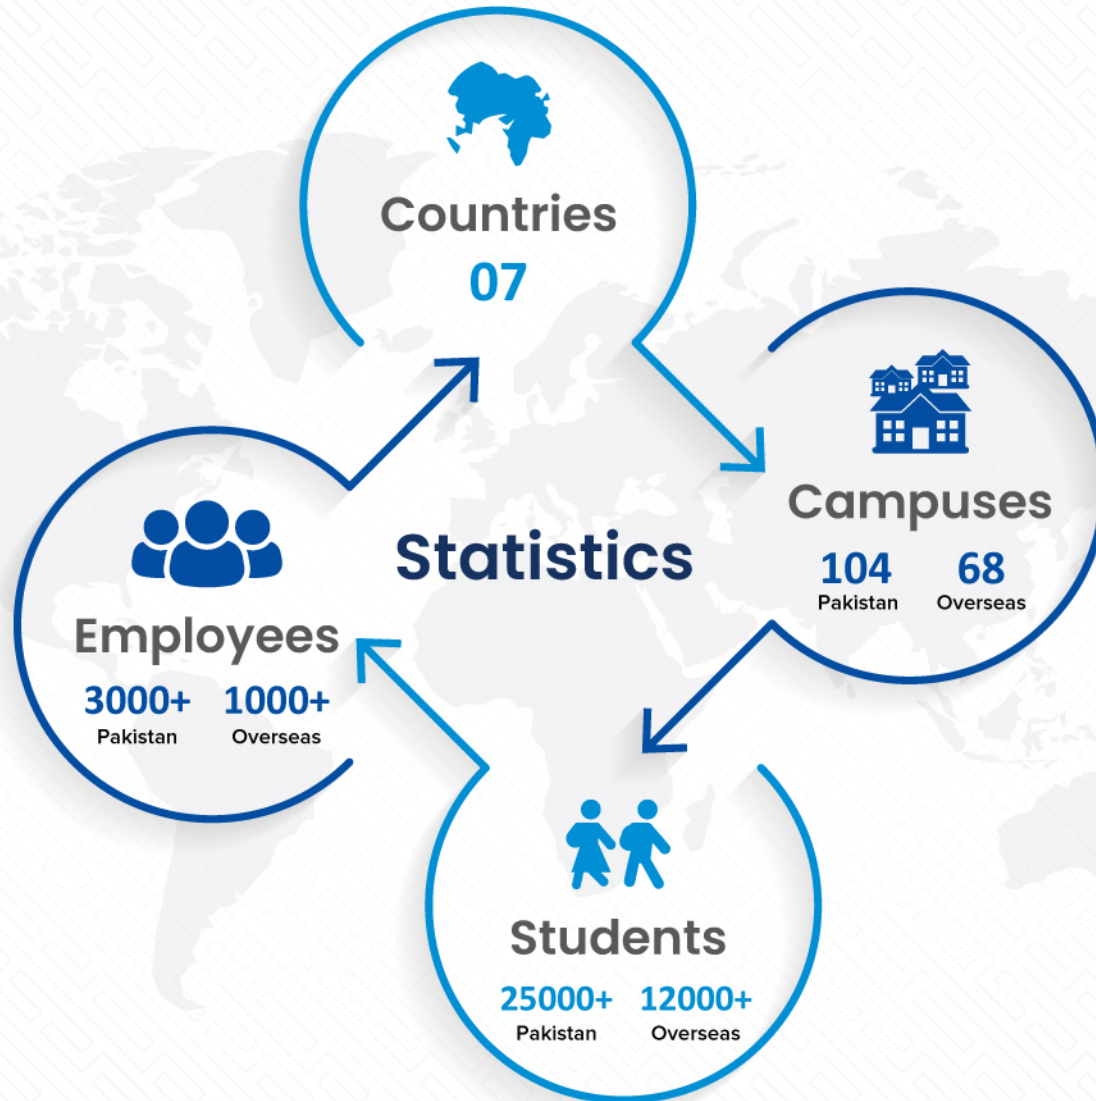

Parents of the students who have passed the test/interview will be contacted via a phone call within 15 days. In case of no phone call from Dar-ul-Madinah, parents may themselves call at the relevant campus contact number and confirm the registration status.

## Phase 3: Confirmation of Admission

Parents/guardians must also bring the following documents while submitting the school copy of fee bill.

- Original and photocopy of father's/guardian's CNIC
- 4 photos: 1 photo of passport size and 3 photos of ID card size
- For admission to higher than kindergarten, School Leaving or Bonafide Certificate will be required. (It is mandatory for the confirmation of admission.)

## Our Ventures

Dar-ul-Madinah College, established in Faisalabad in 2022 as a boys' institution, expanded in 2024 with the opening of a dedicated girls' campus. Continuing this growth, we are set to open more separate campuses for boys and girls in Lahore, Rawalpindi, Gujrat, and Karachi in 2025, ensuring a safe and Islamic environment for all boys and girls.

[www.dmcollegepk.net](http://www.dmcollegepk.net)

DMIUP is committed to providing quality learning solutions to educational institutions around the world. It develops engaging schoolbooks and learning resources with Islamic integration for the development of the complete personality of our future generations.

[www.qadripublications.com](http://www.qadripublications.com)

Established in 2022, it is functioning in more than 10 countries to impart essential Islamic knowledge to students who are already attending conventional schools in their respective countries.

جامعة دارالمدینة  
DAR-UL-MADINA INTERNATIONAL UNIVERSITY  
ISLAMABAD

Dar-ul-Madina International University was established in 2024 in Islamabad, offering a range of specialised programs including BS Islamic Studies, BS Arabic, BS Education, and BS Islamic Banking & Finance. Committed to academic excellence, the university aims to foster a deep understanding of Islamic knowledge and its applications in contemporary fields.
