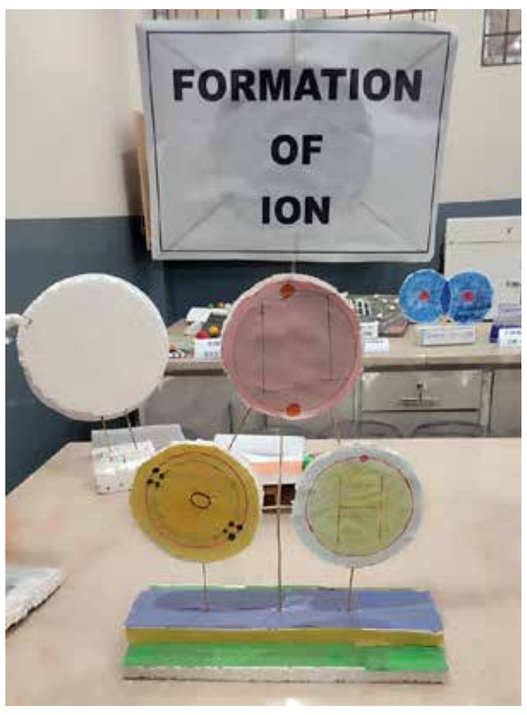
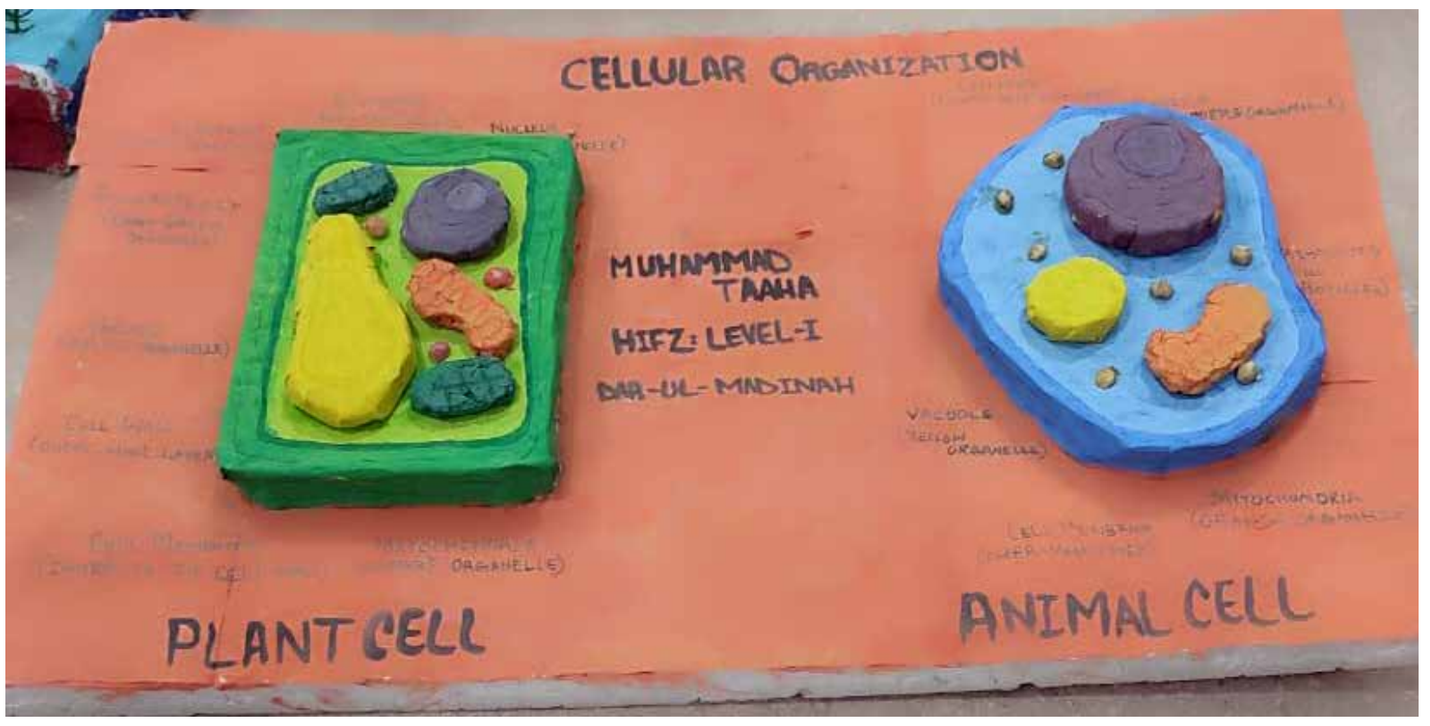
Annual Science Exhibitions

In December, our Punjab campuses hosted Annual Science Exhibitions, featuring projects like **Cellular Organization,** Models of **Hydropower, DNA Structures, Ion Formation** and many more projects.

The activity allowed students to apply theoretical knowledge in practical ways, enhancing critical thinking, creativity, teamwork, and presentation skills. Such exhibitions spark curiosity, strengthen scientific understanding, and encourage a lifelong love for learning.





Physical Activity Day

Some glimpses from Physical Activity Day across our Punjab Campuses. Students participated in a number of sports and games.

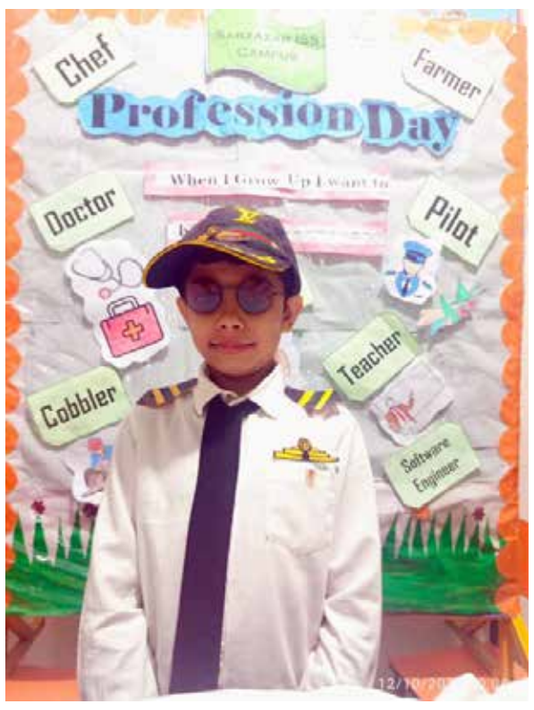
Emergency Life-Saving Training

Our staff and senior students at Gujrat Boys Campus received life-saving training from the Rescue 1122 team, covering:

- **Bleeding Control & Fracture Management**
- **Compression-Only CPR**
- **Emergency Evacuation Drill**

This hands-on session strengthened safety awareness, emergency preparedness, and practical life skills beyond the classroom.



Professions Day

On Professions Day, our students explored the world of careers by role-playing different professions in the classroom. Dressed as doctors, teachers, chefs, lawyers and more, they learned about various jobs and the responsibilities that come with them. The activity encouraged imagination, social interaction, and a better understanding of the working world in a fun and engaging way.

Pakistan Maths Challenge 2025

A total of 884 students from Dar-ul-Madinah's Sindh and Punjab campuses participated in the competition. 128 students won **Gold Medals**, 176 secured **Silver Medals**, and over 100 earned **Bronze Medals**.
