PRE-PRIMARY-APRIL 2026

01 RED COLOUR DAY

Red Colour Day activities helped our young learners explore the world of colours through fun, hands-on activities. Such experiences strengthen **colour recognition**, enhance **sensory development**, improve **fine motor** skills, and encourage **creativity, observation**, and confident **self-expression** in an engaging learning environment.

2 EID CELEBRATION

Our **Eid Celebration** filled the campus with joy and excitement as students took part in festive activities and shared memorable moments together. Through this celebration, they learned the **true spirit of Eid** — **gratitude, sharing, unity, and caring** for others.

3 DEVELOPING EARLY CONCEPTS OF SIZE, ORDER & COMPARISON

Through the **Big and Small** activity, students developed the ability to observe, compare, and classify objects by size, strengthening early mathematical thinking, vocabulary, and cognitive skills.

In the **Pink Tower** activity, learners refined **visual discrimination**, hand-eye coordination, and fine motor control while arranging cubes from largest to smallest, fostering **concentration, order, and logical thinking**, key foundational skills in Montessori education.

4 APRIL TARBIYAH HIGHLIGHTS NURTURING CHARACTER AND VALUES

Dear Parents,
During April, our Pre-Primary students explored three meaningful Tarbiyah themes aimed at developing strong character and nurturing Islamic values in their daily lives:

1. Speaking the Truth
2. Respecting Parents
3. Kindness

Through engaging discussions and age-appropriate activities, our young learners were encouraged to understand, practice, and reflect these values in their everyday interactions.
